

(woman breaths heavily)

- I never thought I'd ever be here again. When the doctor told me we were having another baby, it came as quite a surprise. We've got two teenage sons. (baby cries).

- It's a girl.

- A girl! (baby cries) We always wanted a girl. Hey, they're putting her in pampers. I didn't even have pampers when I had the boys.

Announcer: Over 2,000 hospitals depend on Pampers disposable diapers. Dryness is the reason why. Pampers help keep babies clothes and bedding dry. So they save on laundry. But what's important to you, Pampers stay dry lining helps keep wetness away from your baby's skin, to help keep tender bottoms dry.

Doctor: Mrs. Williams, how's it feel to be a mother again?

- Wonderful.

Announcer: Babies get Pampers dryness in over 2,000 hospitals.
