

(thunder) (organ music playing) >> ANNOUNCER: Wonder what she's stirring in his coffee. (organ music playing) Well? Is it Pream or cream? It's Pream. And once it's in the coffee, most folks can't tell Pream from cream. That's because Pream is made entirely of fresh sweet cream and other milk products in convenient instant form. No need to keep Pream in the refrigerator. Pream stays fresh. Always handy. Costs about a third less, too. And once it's in the coffee, most folks can't tell Pream from cream. Bet you can't either.
