Announcer: Yes, the ale with that proud Canadian heritage, Carling's Red Cap Ale, is now brewed in the U.S.A. A deliciously different brew you will wanna try. See if you agree with the people who tell us Carling's Red Cap Ale gives them more pleasure than any beer they have ever tasted. They say it's light and dry as the smoothest beer, yet with that extra flavor, that heart you get only in such a fine ale. Carling's Red Cap's the lighthearted ale, so with an open bottle and an open mind, put Carling's Red Cap Ale to the test.
