

- Mommy!

- Okay, cowboy, stick em up. (aerosol can spraying) Gotcha covered.

Narrator: Gotcha covered with new, all new, push button Unguentine Aerofilm. It sprays on. Stays on. Sprays on a medicated protective film that stays on. Fortified with germ killers to help prevent infection. And pain stoppers to relieve pain. For cuts, scrapes, and burns, (aerosol can spraying) new Unguentine sprays on, stays on. For sunburn pain, (aerosol can spraying) new Unguentine sprays on, stays on. Takes the itch out of insect bites too. For all everyday skin injuries, just stick em up! Gotcha covered with new push button Unguentine Aerofilm. From the makers of Unguentine ointment and Unguentine squeeze spray.
