

- Happy day. There's a new deodorant discovery. It's the new way to deodorant protection. The beauty soap way, with new deodorant, Mist green Camay. You see, skin bacteria cause odor washing with ordinary soap removes bacteria, but only temporarily they come back. Like the steam came back on this mirror daily cleansing with Camay, which contains a special new protective ingredient, sweeps away odor causing bacteria and keeps them away. Keeps you the sweetest clean you've ever been. Bacteria can also mar your complexion. New Camay helps guard against this too. Yet Camay is still mild as only a true beauty soap can be.

Narrator: Discover the new way, the beauty soap way to deodorant protection, new deodorant, mist green Camay, in the Emerald foil wrapper now available in Louisville in addition to wonderful pink Camay.
