

- Rangers, you can't buy a finer assortment of cereals then Post-TENS. It's my favorite, and here's why. Every single one of these 10 individual boxes holds one bowl full of a top selling cereal treat, real famous favorites like Post Toasties: The Heap Good Cornflakes. The best thing that's happened to corn since the Indians discovered it. And you'll find six other delicious cereals in that Post-TENS package too. See if I'm not right, Rangers. You will like them all. For the best choice, make your first choice Post-TENS.
