

- How can Professor Kerry not know about his breath? Everybody else does. It's awful. I'll tell him he needs Scope in the morning.

- Sounds like a lecture.

- (gasps) Professor Kerry!

- I hope this Scope works.

Narrator: Scope helps clean away morning mouth film, a principal cause of bad breath, because Scope has a powerful combination of ingredients.

- Scope's great. My breath feels fresh. Smart girl. So how come you flunked yesterday's quiz, hmm?

Narrator: Scope, for morning mouth film, once in the morning does it.
