

(uplifting orchestral music)

Announcer: In every state in America, families are going places, taking longer trips and loving it. (uplifting orchestral music) (harmonica music) Wherever you travel Texaco is there, ready to help make your trip a pleasure. (uplifting orchestral music) The Texaco retailers you meet in all 50 states are ready, willing, and able to take care of your car with Texaco products you can trust. And Texaco knows something else that's important to families, restrooms, clean and neat, the kind you really appreciate. We're doing our best to make all Texaco restrooms another good reason for stopping at a Texaco service station. (uplifting orchestral music)
