- Whew!

- Gotta cover up that smell!

- That heavy perfume smell is worse! There must be a better way.

Narrator: There is! Johnson's Glade. The light scented air freshener. Ordinary sprays depend on heavy perfumes, they just try to hide odors, but Glade actually destroys household odors by absorbing them. That's why Glade (harp music) makes indoor air seem fresh as all outdoors. Johnson's light scented Glade.
