

>> What are you so nervous about? It's my wedding. >> Sore throat; hurts when I swallow. >> Well, you know what you got to do for that, don't you? >> Yeah? >> Huh? >> Yeah. >> Huh? >> Yeah. >> Huh? >> Yeah! Take Spect-T by Squibb. It helps make swallowing easier. >> Honeycomb. >> Honeycomb? >> Sure, you go down to what's called a beehive, take out a honeycomb, and chew it. Of course, you'd better wait for the bees to leave. >> How long will that take? >> Oh, sometimes three or four days. >> Oh, Spect-T works faster than that. >> I didn't know that. >> Well, now you do. >> Now I do. I do! >> ANNOUNCER: Spect-T is an antibacterial troche from Squibb with a local anesthetic for temporary relief of minor sore throats. Spect-T makes a sore throat easy to swallow.
