

- Good night.

- Mr. Secretary.

- Hope you finish by next week.

- (teammate chuckles)

- Being the league secretary is, indeed, overwhelming. But tonight, the whelm turns. Tonight, I'll get all the scores, averages, handicaps, team averages, team standings, high series, all automatically. Thanks to AMF DataMagic. First, automatic score keeping with MagicScore and now automatic record keeping with DataMagic. AMF, you've made my job a snap. (pencil breaks)
