Announcer: Big news for short chins, long chins, strong chins. There's a new Personna stainless blade in this new edge guard dispenser. Big news for high cheeks, puff cheeks, rough cheeks. There is a different Personna stainless in this new edge guard dispenser. Big news for bull necks, tall necks, all necks. There is a better Personna stainless in this new edge guard dispenser. Gives cheeks, necks, chins, et cetera. More shaves which are high-rated for comfort than any Personna ever. So (squeak) and (squeak) watch out.
