

(woman sniffing)

- How's the cold tonight?

- Oh, don't ask.

- I got you some cough medicine.

- But I'm also sniffing, sneezing, aching, my head is stuffy, I'm feverish and I gotta rest.

- I was supposed to get a sniffing, sneezing, coughing aching, stuffy head, fever, so you could rest, medicine?

- That's NyQuil. It relieves a cough as well as this, plus all my other symptoms.

- NyQuil.

- Would you get me some?

- Be right back. [Announcer] NyQuil. The nighttime sniffing, sneezing, coughing, aching, stuffy head, fever, so you can rest, medicine.
