

- Oh, does my stomach feel lousy!

- Maybe you're coming down with something.

- Yeah, with your sister's cooking.

- Well, maybe you're just upset.

- My stomach's upset from your sister's cooking.

- Well, she does need help.

- She needs help? I need help!

- Here.

Narrator: Pepto-Bismol works, no matter what upsets your stomach. It coats and soothes. It's a kind of protective coating between the upset and the stomach. Pepto-Bismol.

- And that settles that!
