

- This is the carpet that loves pets. Some people like big pets. Doesn't matter to this carpet. It's textured caprolan nylon, rich texture, heavenly color, yet even in the palest pastel, caprolan nylon wears better, cleans easier, and we proved it. Here in New York's Penn Station, where more than a million and a half people tramped over this piece of caprolan, see. It cleans fresh and colorful as new, no sign of wear. Other kinds of fibers wore right down to the backing. That's why beautiful practical carpets with textured caprolan nylon belong in your home. You'll love the carpet that loves pets. Caprolan by Allied Chemical. (upbeat music)
