

- Hi, I'm Paul Revere. I've been on the road all night, racing around, gulping coffee and chicken pot pie for dinner sitting here like a rock. Dog ripped my pants. And you know, I still don't think half of them believe me. It's enough to give a Patriot an upset stomach. Upset stomach? Pepto-Bismol, it coats, soothes, relieves. I guess I'm just not a night person.
