- So good so many ways is right. Here's an unusual way to serve delicious Best Foods mayonnaise, in little patties molded with gelatin and chilled to dress up cottage cheese. Mm, and it's so easy to make mock Hollandaise sauce, rich and smooth, with Best Foods whole-egg mayonnaise. See that molded chicken and rice blended with a tasty binder of Best Foods and topped with a layer of tomato aspic. Ah, and Best Foods mayonnaise spread so easily, keeps sandwiches nice and moist and brings out all the flavor.
