

- Hello, Jimmy. Remember your cousin droopy drawers?

- Well, why doesn't that happen to Jimmy?

- Cause I use new Pampers with tapes.

- No pins?

- No, the tapes make them fit better.

- That's how you get them so snug

- Uh huh, it's like a custom fit much more comfortable and they work better. And they still have a special Pampers stay dry lining.

- Ok droopy, your going to need a new nickname (laughing).

Narrator: New custom-fit tape on Pampers.
