

- This young lady has a very smart mother. She's learned that after hard play, Cathy needs to replace the vitamin C and energy, she's used up. That for her, orange juice for the breakfast is just not enough. So Cathy gets a second glass during the day. That's why mother always has fresh frozen orange juice ready to drink in the refrigerator. And for all busy, active people, Orange Juice from Florida is more refreshing than most bottled drink.
