

- (patriotic music)

- All over America, babies are staging a great sit-in. Babies who have never sat-in before. And what are those babies sitting in? Pampers. Because when babies sit in Pampers, they sit in dryness. Pampers keeps them dryer, dryer than cloth diapers. Pampers has a special stay dry lining. (patriotic music)

- Moisture goes through it and is trapped below. Next to baby, the lining stays drier so baby stays drier. Outside, Pampers are waterproof to keep you drier. The great sit-in goes on. (patriotic music)

- Because when babies sit in Pampers, they sit in dryness. (patriotic music)

- Babies of America, be seated. (patriotic music)
